The Board of Directors of Swisscom Ltd issues the present Organisational Rules on the basis of Articles 716 and 716b of the Swiss Code of Obligations (CO) and section 7.2.2 of the Articles of Incorporation.

1 BASIS

1.1 Purpose

The Organisational Rules set out the binding framework for the management of Swisscom Ltd and the shareholdings it controls in accordance with IFRS 10 (hereinafter referred to as 'subsidiaries').

1.2 Object

The Organisational Rules contain provisions on:

- the structure of Swisscom Ltd and its subsidiaries (together referred to as 'the Group');
- the functioning of the Board of Directors;
- the duties and powers of the following governing bodies or representatives of governing bodies:
 - Board of Directors;
 - Chairperson of the Board of Directors;
 - Committees of the Board of Directors;
 - Chief Executive Officer (CEO);
 - Group Executive Board (management board according to section 5c of the Articles of Incorporation).

1.3 Organisation of Swisscom Ltd and its subsidiaries

1.3.1 Group structure

As the parent company, Swisscom Ltd is divided into Group Functions and, together with its subsidiaries as subcompanies, forms the Swisscom Group. The governing bodies or representatives of governing bodies of Swisscom Ltd are therefore not only responsible for the management of Swisscom Ltd but also for the strategic and financial management of the subsidiaries within the scope of their competencies.

1.3.2 Group management

The Organisational Rules and, in detail, Annex 2 (Organisational Regulations of Swisscom Ltd) contain a list of topics and business matters in which the passing of resolutions or the provision of information by a governing body or representative of a governing body is mandatory. The Articles of Incorporation, Organisational Rules and Organisational Regulations of the subsidiaries must therefore be harmonised in terms of structure and content to the Articles of Incorporation of Swisscom Ltd as well as the Organisational Rules and the pertinent Organisational Regulations within the scope of the legal framework applicable to them. The model Articles of Incorporation and model Organisational Rules approved by the Board of Directors of

Swisscom Ltd for subsidiaries shall serve as the basis for this.

The governing bodies or representatives of governing bodies of Swisscom Ltd mandate and instruct the representatives on the Boards of Directors of the subsidiaries, their CEO and their management board, within the scope of their responsibility. These representatives, who are mandated by Swisscom Ltd, fulfil their duties of notification, duly obtain the relevant resolutions and instructions and implement them in the subsidiaries. They comply with the regulations and directives issued for strategic and financial management. The legal independence of the subsidiaries and the legal competence of their governing bodies shall be preserved within the framework of the respective mandatory applicable law. Contractual agreements with partners of these subsidiaries or Swisscom Ltd must be taken into account in the process for passing resolutions.

The organisation in detail is shown in the organisational chart posted on the intranet in the currently valid version (Annex 4).

1.3.3 Categories of subsidiaries

The Organisational Rules distinguish between three categories of subsidiaries:

- Strategic subsidiaries (category I);
- Major subsidiaries (category II);
- Other subsidiaries (category III).

Annex 5 contains the list of subsidiaries with their classification into one of the above categories. The Board of Directors decides on the allocation of individual subsidiaries to category I and the CEO upon the allocation to categories II and III.

2 BOARD OF DIRECTORS

2.1 Composition and constitution

The Board of Directors is composed of seven to nine members and, if necessary, the number can be increased temporarily. Their maximum term of office is usually 12 years in total. Details on the composition can be found in section 6 of the Articles of Incorporation.

The Chairperson of the Board of Directors and the members of the Compensation Committee are elected by the Annual General Meeting of Shareholders in application of sections 6.1, 7.1.5 and 7.5 of the Articles of Incorporation. Otherwise, the Board of Directors is self-constituting and elects from among its members the Vice Chairperson or Vice Chairperson and the persons of all standing committees of the Board of Directors as well as the members of the Strategy & Investments and Audit & ESG Reporting Committees.

At the request of the Chairperson of the Board of Directors, it nominates a Secretary, who need not be a member of the Board of Directors.

2.2 Meetings

2.2.1 Frequency of meetings, convocation and agendas

On the invitation of the Chairperson or, should this person be unavailable, the Vice Chairperson, the Board of Directors shall convene as often as deemed necessary by the current business situation.

Upon stating the reasons, each member may request of the Chairperson that a meeting be convened immediately.

Notice for convening a meeting is usually given in writing ten days in advance. The list of agenda items, together with all documents, is made available on the electronic document platform for downloading and, if required, is sent by post. In urgent cases – or if no objections are raised by any member – the meeting may be set at an earlier date. The agenda items are defined by the Chairperson after consultation with the CEO. Any member of the Board of Directors may request that an item be included on the agenda, provided that such request is submitted in writing to the attention of the Chairperson at least twelve days prior to the meeting. Decisions on business not included in the agenda may only be taken with the consent of the majority of all members.

Meetings may be convened without formalities and without complying with the minimum notice period if the sole purpose of the meeting is to vote on the determination of changes in capital and corresponding amendments to the Articles of Incorporation (including deletions) as well as the preparation of the capital increase report.

2.2.2 Chairing of meetings and participants

The meetings shall be chaired by the Chairperson of the Board of Directors or, should this person be unavailable, the Vice Chairperson or, if the Vice Chairperson is also unavailable, a member to be elected by the Board of Directors from among its members.

Individual members of the Group Executive Board, senior executives of the Group, Swisscom Ltd auditors and other experts may be invited to attend the meetings. They have an advisory vote. The Chairperson of the Board of Directors and the Chairperson of the Board of Directors' Committees may issue the invitations. The CEO, CFO and Head of GSA generally attend every meeting of the Board of Directors, unless the Chairperson orders otherwise.

2.2.3 Standing agenda

As a rule, the meetings follow the following standing agenda:

- Notifications by the Chairperson and reports by the Committee Chairperson;
- Minutes of the last meeting and pending items;
- Report of the CEO on the course of business;
- Personnel and organisation;
- Information and motions.

2.2.4 Passing of resolutions

The Board of Directors shall take its decisions or pass its resolutions at Board meetings with a venue or at meetings that involve the use of electronic means (hybrid or virtual meetings).

The electronic means used allow the establishment of the identity of the participants, the immediate transmission of votes, the submission of motions, participation in the discussion and an undistorted voting result.

Resolutions may only be passed if the majority of the members are present at the meeting.

The attendance quorum does not have to be met in the case listed in section 2.2.1 paragraph 4.

A member of the Board of Directors who is indisposed may neither be represented by a further member of the Board of Directors nor by a third party. A written statement on the agenda is permissible; it shall be submitted by the Chairperson. However, it does not count as a vote.

Resolutions shall be passed by the Board of Directors with the majority of votes cast. Abstentions do not count as votes. The Chairperson shall have the casting vote.

Resolutions on the amendment of the present Organisational Rules or concerning particular regulations or directives which contradict the said Organisational Rules may only be passed if two-thirds of the members of the Board of Directors agree to the amendment or particular regulations or directives.

Resolutions on the inclusion and amendment of the annexes to these Organisational Rules may be passed by a simple majority of the votes cast. Formal amendments to Annexes 4 (Organisation chart) and 5 (List of participations) of these rules shall be carried out periodically and are not subject to authorisation.

After deliberation, the Chairperson of the Board of Directors summarises all motions before making a decision.

If, during a virtual or hybrid meeting, technical issues arise that make it impossible to hold a proper discussion and vote, the Chairperson shall interrupt the meeting or terminate it entirely. Any resolutions passed prior to such interruption or termination shall remain valid. The Chairperson shall convene a new meeting in the near future to deal with any items on the agenda that have yet to be addressed in full. If relevant technical issues arise during the meeting, this must be recorded in the minutes together with the measures implemented. Technical issues during voting shall be deemed irrelevant if they are demonstrably incapable of impacting the results of votes or elections.

Resolutions may be passed using the circular method in writing on paper or in electronic form as long as no member demands a verbal briefing. No signatures shall be required for resolutions passed electronically. For circular resolutions to be valid, the majority of the members must participate in the circular method. Such resolutions shall be included in the minutes of the next meeting of the Board of Directors.

2.2.5 Minutes

Minutes shall be kept of the proceedings and resolutions of the Board of Directors, containing the agenda items, motions and resolutions with an indication of the weighting of the votes and any abstentions. The minutes also summarise the deliberations by reflecting the main points of view and positions. Members of the Board of Directors may request that their vote be recorded in the minutes.

Following the approval of the Chairperson of the Board of Directors, the minutes shall be mailed to the members of the Board of Directors and shall be accepted at the following meeting. Following authorisation, the minutes shall be signed by the Chairperson, the keeper of the minutes and the Secretary to endorse them as a correct record.

The minutes are to be handled as confidential documents and shall be filed so that they are accessible. The minutes may neither be copied nor made available to any recipients who are not listed on the distribution list specified by the Board of Directors. In justified exceptional cases, the Secretary shall prepare extracts with the consent of the Chairperson and keep a record of their submission.

2.3 Reporting

2.3.1 General reporting

At each meeting, the Board of Directors receives a verbal report from the Chairperson of the Board of Directors and the CEO on the course of business and on important events within the Group, as well as on measures taken. The Board of Directors can demand written documents if it considers them necessary for performing its duties.

The CEO informs the Chairperson of the Board of Directors of any extraordinary events, who in turn immediately informs the members of the Board of Directors via the Secretary.

The Chairperson of the Board of Directors may instruct a committee or a member of the Board of Directors to report on the motions to be dealt with by the Board of Directors and to make a recommendation for the attention of the plenary session.

The Chairperson of the respective Board of Directors and the CEOs of the category I subsidiaries shall report to the Board of Directors in writing and, upon instruction of the Chairperson of the Board of Directors, report verbally on the status of their company, on the course of business and on important events as well as on measures taken. The reports are usually submitted annually as part of the medium-term planning process.

2.3.2 Financial and ESG reporting

Periodic external corporate reporting includes financial reporting and ESG reporting. Financial reporting is prepared in accordance with the International Financial Reporting Standards (IFRS) and the accounting principles of the stock corporation law. As far as possible, nationally and/or internationally recognised regulations are used for ESG reporting.

The CFO prepares a monthly and quarterly management report for the CEO for the attention of the Board of Directors. The report provides information on the business performance of the Group and the segments as well as the Group's net asset position, financial position and results of operations. In addition, reporting includes financial, non-financial and ESG performance indicators (e.g. full-time equivalents, number of customers, carbon emissions) that are relevant for corporate governance. The quarterly reporting additionally includes a projection (forecast) for the current fiscal year. The same accounting principles are applied to management reporting and financial control as in external financial reporting (IFRS).

2.3.3 Reporting on risk management, internal control system and compliance

The Board of Directors shall receive written and oral reports on risk management, the internal control system and compliance within the Group, from the CEO or CFO or, at their request, from the responsible persons, at least once a year.

2.4 Planning

The Board of Directors shall define the annual strategic planning process for Swisscom Ltd and its subsidiaries, as well as on a consolidated basis for the Group. This includes the following planning elements:

- Strategy;
- Medium-term planning (business plan, including analysis of the market, competition and technology);
- Annual budget (planned values for income statement, investments, cash flow statement and balance sheet).

2.5 Right to information

Every member of the Board of Directors can demand information on all matters concerning Swisscom Ltd and the subsidiaries.

During the meetings, all members of the Board of Directors as well as the persons entrusted with management duties are obliged to provide information on the performance of the business and all individual business transactions.

Outside of the meetings, every member of the Board of Directors is entitled to request information via the Chairperson of the Board of Directors on the performance of the business from the persons entrusted with management duties and, with the authorisation of the Chairperson, also on individual business matters. Direct contact with other members of the Group Executive Board or other employees of the Group should only take place with the approval of the Chairperson. Contact with the Chairperson of committees in their areas of responsibility remains reserved.

Every member can file an application with the Chairperson of the Board of Directors for access to books or files, insofar as this is necessary for the fulfilment of a particular duty or task.

The Chairperson of the Board of Directors shall approve the requests for information or submission of documents if there are no conflicting provisions regarding abstention or confidentiality, if business secrets are not violated or if the request is not disproportionate. If the **Chairperson** of the Board of Directors rejects a request for information, hearing or inspection, the Board of Directors shall make a decision at the request of the Board member concerned.

2.6 Conduct with respect to conflicts of interest

The members of the Board of Directors shall regulate their personal and business affairs in such a way that conflicts of interest are avoided as far as possible, and they shall take any necessary measures to this end. They shall neither conclude any investment or other transactions nor accept any benefits that may jeopardise their independent safeguarding of the company's interests.

If a member of the Board of Directors has personal interests that affect the interests of the company or has to safeguard such interests of third parties (proximity of interests), the member shall inform the Chairperson of the Board of Directors without delay. If the Chairperson of the Board of Directors is affected, they shall inform the Vice Chairperson and the Secretary of the Board of Directors. The member and the Chairperson shall disclose all relevant circumstances in full so that the Chairperson or the Vice Chairperson can assess the interests of the person concerned.

If the member of the Board of Directors has conflicting interests or if the member has to safeguard conflicting interests (conflict of interest), the Board of Directors shall make a decision commensurate with the seriousness of the conflict of interests so that the independent safeguarding of the company's interests continues to be ensured. In particular, it shall check whether the member of the Board of Directors in question must not participate or whether a double resolution with and without the Board member affected by the conflict is sufficient. It shall consult the member concerned.

In the event of the member not being permitted to participate, the Board of Directors shall decide whether the member – depending on the intensity of the conflict – only needs to not participate in passing the resolution or additionally also must not participate in the discussion. Instead of these measures or in addition to them, it can commission an independent third party to make a prior assessment of the transaction or submit this to the Annual General Meeting of Shareholders for approval.

In the case of an ongoing conflict of interest, the Board of Directors shall decide whether the member concerned should be asked to resign or should no longer be nominated for re-election.

Transactions between the company and members of the Board of Directors or between the company and shareholders controlling it or parties related to them shall in all cases be carried out 'at arm's length', must be in the interests of the company and must be disclosed to the Board of Directors. They shall be concluded or approved without the participation of the parties concerned. If necessary, an independent assessment should be obtained.

2.7 Compensation and insurance

In determining the level of compensation, the Board of Directors shall take into account the activities and responsibilities of the individual members of the Board of Directors. The compensation of the members of the Board of Directors comprises a basic emolument, social security contributions, contributions to the occupational pension plan and any fringe benefits. Meeting attendance fees are included in the basic emolument at a flat rate. The Chairperson, Vice Chairperson and Federal Representative, as well as the Chairperson and members of the standing committees of the Board of Directors, receive additional compensation to compensate for their function. The Board of Directors sets the compensation within the total amount approved by the Annual General Meeting of Shareholders for the compensation of the Board of Directors. The expenses are reimbursed in accordance with the expense's regulations.

A third of the compensation is paid out in the form of participation rights. The Board of Directors shall issue appropriate regulations within the framework of the basic principles for the profit and participation plans laid down in the Articles of Incorporation. Compensation in cash is paid on a monthly basis, and the shares are allocated in two tranches.

Swisscom Ltd takes out insurance policies in favour of the members of the Board of Directors that cover as far as possible the liability risks associated with their activities as members of the Board of Directors. The insurance premiums are paid by Swisscom Ltd.

2.8 Duties and powers

The Board of Directors is responsible for the overall management of the Group and supervises its management. It decides, in compliance with the legally binding powers of the governing bodies of the subsidiaries, on all Group business assigned to it by law, the Articles of Incorporation, the Organisational Rules and documents issued on the basis thereof, as well as on all business not assigned by law, the Articles of Incorporation or the Organisational Rules of the Annual General Meeting of Shareholders or other governing bodies.
